Dear Sir & Citizens:

After considerable investigation of the two candidates for the presidency of the U.S., an awesome position which requires utmost integrity and high moral character beyond reproach, I am impelled to speak through the written word to every patriotic citizen of our country.

We are at our most crucial crossroad in history and the coming election could well determine our future course and position in the family of nations for years to come.

The public records, which are open to each of us, brings out the cold hard fact that Lyndon Johnson has engaged in a career of dishonesty and deceit. I have thought that at last our South land had produced another great leader, but upon close examination of documented facts I found that I was dead wrong. How very misinformed we can be if we do not go to a little trouble to get the real picture in any endeavor. I cannot conceive of how any Southern Patriot—could vote for a man with an open record of fraud and deceit of his own people, both colored and white.

Don't accept what someone else says about either candidate. The facts are in the printed words of honest dedicated Americans who see the proverbial "handwriting on the wall". See for yourself alone; then decide who you want to be your president — a master politician of dishonesty or an American patriot, Mr. Goldwater. Like us, Mr. Goldwater is not perfect, but he is the best available. This I know to be true for I have studied the history of both men. The choice is clearly ours and once we have made it we cannot reverse it no matter what happens.

Both Lyndon Johnson and Hubert Humphrey have declared Americans. Humphrey has always advocated recognition of a totalitarian and Godless Red China. In addition he has consistently advised a policy of appeasement toward the red cancer right at our doorstep — Castro Cuba. God forbid if Humphrey should ever succeed to the presidency of the U. S.!

Their policy which amounts to plain socialism, and their approval of the present Supreme Court and its robbing of the remaining liberties we still have, are a very bitter pill for free-dom-loving Americans. I urge you with all my heart — reject these suicde policies at the polls Nov. 3.

Johnson's war record is shameful to be sure. His acceptance of the Silver Star is disgraceful and disgusting. There are brave young men buried today on those far away islands of the Pacific who gave all that they had for their country — their very lives. Greater love hath no man. The hearts of countless numbers of wives and sweethearts are buried there today as well. I hope with all my heart that every American dsuaphney and every American who ever wore the uniform will remember this on election day. Mr. Goldwater's war record is genuine!

Mr. Khrushchev has already openly stated that he wants Johnson to be elected president. I totally reject anything Khrushchev wants to be because what is best for Russia is worst for us! He wants no part of America's Patriot Goldwater! Why? His reason is quite simple. Lyndon Johnson means socialism and socialism is the very next step to Communism! The road to socialism will throw you and me ever closer to the dreaded, unthinkable communist orbit. I beg you to let us reason together and realize what this would mean in America. Let us not seriously dwell on what Mr. Johnson's Great Society programs will mean for us. It will mean precisely this — he will give us all away to the already too powerful federal government and, to the court — that has already usurped the dicty of God and taken away even our freedoms set down by our forefathers in the constitution! We no longer have a system of checks and balances in government. They just took that away too! What next Americans?

Let us not be duped by our red enemies Russia and China. Twenty years ago they created a scheme to deceive us. Be not deceived—They are secret; allies sworn and dedicated to the overthrow of the United States of America, the last real bulwark of freedom! Is Mr. Humphrey really so naive?

Citizens, this is not just a race for president and vice president: It is a great moral question as to whether or not we can keep our race as the land of the free.

Thanking you, I am,
Respectfully yours,
Mark G. Weatherly
